4WCSC SERIES

SOFT-CLOSE WASTE CONTAINERS

Looking to conceal garbage without compromising design? Rev-A-Shelf's 4WCSC Series with Blum soft-close is your solution. Each waste container kit includes an elegant dovetail maple drawer box along with your choice of a single or double garbage bin configuration. To accommodate your disposal needs, the durable polymer bins are available in 35 Qt. and 50 Qt. quantities. No matter the size and configuration you choose, rest assured that your product will remain stable and glide smoothly on Blum's TANDEM heavy duty full-extension concealed runners. We've also included our patented door mount brackets, which allow up to five inches of flexibility for trouble-free installation on any door style.

FRAMELESS NOTE:

Frameless minimum openings are the same as face frame. While the slides (the widest point) will fit tightly within the cabinet, the drawer box is slightly smaller to ensure flawless action.

LIDS AVAILABLE*
for 35 & 50 qt. Containers
